

Become a Clean Energy Leader!

West Hartford Residents Can Sign Up Today. It's as easy as 1-2-3!

- 1 - Select your CTCleanEnergyOptions provider, Community Energy or Sterling Planet.
- 2 - Choose whether you want to go with the 50% or 100% clean energy option.
- 3 - Go to www.ctcleanenergyoptions.com to learn about your options and to sign up online.

You may also fill out the form below and return it to:

WH Clean Energy Task Force, c/o **Tim Brennan**
Office of the Town Council
50 South Main Street,
West Hartford, CT 06107-2431

When you sign up for the CTCleanEnergyOptions program, your lights will still go on and all of your appliances will work just the same as they always have, and you will still receive your electric bill from CL&P. The only difference is that you will be paying a little more each month to help support cleaner air, greenhouse gas reductions, a healthy community and energy independence.

The Town of West Hartford has committed to using clean energy for 20% of its electricity needs by 2010. Please consider joining the town and your fellow West Hartford residents by signing up for the clean energy option for your home or business! For more information on West Hartford's commitment to clean energy, please visit www.west-hartford.com/Government/CleanEnergy.htm.

Act now and your town will receive an additional benefit. For every 100 WH residential customers who sign up for CTCleanEnergyOptions, West Hartford will receive a **FREE solar energy system** from the Connecticut Clean Energy Fund that can be placed on a school or other town building. Learn more about the Clean Energy Communities Program at www.ctcleanenergy.com/communities.

CLEAN ENERGY. IT'S REAL. IT'S HERE. IT'S WORKING IN WEST HARTFORD.
