

Finance and Budget Committee Minutes June 1, 2006 Room 312

In attendance: Councillors Cantor, Verrengia, Carpenter

Revaluation Notice

The revised notice (attached) that will be sent in the tax bills was reviewed. The tax bills are being sent on June 9th so people should have them on the 9th or 10th. A more in-depth workshop will be scheduled for the early Fall on this topic

Contribution Letter

A draft of a letter to be sent to all agencies regarding requests for contributions from the Town of West Hartford was reviewed. It was stated that letters would be sent requesting organizations make their proposals and that follow-up letters would be sent telling them of the decision of the Town.

SB 537

This is state legislation that passed that will provide the Town \$10 for certain infractions that are paid. We issued 2724 of those specific infractions in 2005 (see attached list), which if paid would net us \$27,244. However, the total will be reduced by nollees, dismissals, not-guilty verdicts, and scofflaws. We will monitor this new revenue during the year.

Other Business

The next meeting will be scheduled for June 13th or 15th.
